

DRAFT  
PUBLIC NOTICE  
VOLUNTARY REMEDIATION PROGRAM

In accordance with the public participation requirement of the Virginia Department of Environmental Quality's Voluntary Remediation Program, the general public is hereby notified that Patterson Planning & Services, Inc. has requested a Certification of Satisfactory Completion of Remediation for the Wabash Magnetics property addressed 1222 Seymour Drive in South Boston, Virginia. Site characterization activities have determined that the subsurface at the site has been impacted by chlorinated solvents from past manufacturing activities. However, the results of the risk assessment have concluded that no unacceptable risk to human health or the environment is present if institutional controls are imposed prohibiting future residential development on the site and prohibiting use of groundwater from beneath the site. For more information on this matter, you may contact Mr. Ronald A. Burt, Patterson Planning & Services, Inc., 4525 Harding Road, Suite 215, Nashville, TN 37205, (615) 986-2679. Written comments may be directed to the aforementioned within 30 days of this notice.
